

**WORLD
RECORD**
251.934m³

LAOS

Nam Theun 1 hydropower project

Great performance at the
Nam Theun 1 plant in Laos
by **ICM RCC** (Rolled Compacted
Concrete) **conveyor belts**.

A new world record was reached in
October 2020: 251.934 m³ were
poured by a single conveyor line
in one month.

**CONGRATULATION
TO SINOHYDRO!**

This record is added to the one achieved in **Ethiopia** where **354.000 m³ per month** were poured with two lines.
